

Hidden Creek

Hidden Gems Wine Club

Our wine club is designed for wine lovers who would like to get a varied selection of quality artisan wines on a regular basis.

Four times per year we ship, or you can collect from the winery, two (2) bottles of wine from our latest release. The release dates are February 1st, May 1st, August 1st, and December 1st. All regular shipments are of red wine. There will be several other releases each year that members are eligible for but do not have to purchase. These include white wines.

Wines provided as part of this program are sold to club members at a 25% discount from the regular retail price. Members always get at least a 15% discount on all other wine purchases
